## *Causeway is a contemporary modular group designed for fluidity and function in a variety of workspaces.*

Offering benching, small office/home office, open office, private office, collaborative, and reception solutions, Causeway brings versatility to any space. Each solution is presented with some of our most popular configurations, but the options are limitless. If you don't see a configuration to suit your space you can contact our Customer Care Department and they will connect you with our space planners to configure an option to meet your specific floor plan.

### Details:

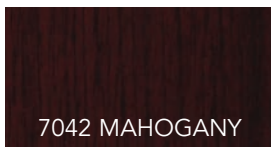

- Construction consists of mortise and tenon construction with wood cleats, glue, screws, staples, and threaded inserts with bolts
- Tops feature a slight 1/8" radius top edge and a construction of 1-1/8" thermally fused laminate on wood product with 3mm PVC edge bands
- All drawers feature a 5-sided construction with black vinyl interiors and full extension, metal ball bearing slides
- Box drawers rated for 75 lbs
- File drawers rated for 150 lbs
- File drawers equipped with metal rods for letter or legal sized hanging files
- Adjustable floor levelers
- Requires assembly

## Benching

The structure of today's offices are evolving and work is becoming increasingly more collaborative. Causeway's unique benching options provide easy mobility for interaction and complete access to shared materials. With components that work together or stand-alone, this benching solution allows for added flexibility in today's office environment.

Benching solutions are offered with optional cushions available in five colors.

## Open Office

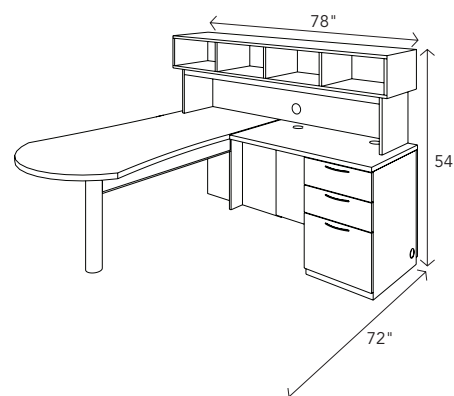

Speaking to the various needs of today's offices, Causeway's open office solutions bridge the gap between private and collaborative workspaces, allowing workers to team up when needed while still offering a set space to work alone when a project demands.
