Meeting Purposes

At the meeting, shareholders will elect three (3) Class I directors, Karel K. Czanderna, Thomas M. Levine and Robert J. Maricich, for three-year terms expiring at the shareholders meeting in 2017. We do not expect that any other business, except for routine or procedural matters, will be brought up at the meeting. If any other business is properly brought up at the meeting, the persons named in the enclosed proxy will have authority to vote on it at their discretion.

Proxy Materials Available on Internet

In an effort to reduce the cost of delivering the proxy materials to our shareholders, we are making the materials available to our shareholders on the Internet. On October 29, 2014, we sent shareholders a one-page "Notice of Internet Availability of Proxy Materials," which included instructions on how to access our proxy materials on the Internet. The proxy materials, consisting of this proxy statement and our fiscal 2014 annual report to shareholders, are available at www.proxyvote.com. The Notice of Internet Availability of Proxy Materials also provides instructions on how to vote your shares. By making the materials available through the Internet, we expect to reduce our costs, conserve natural resources, and expedite the delivery of the proxy materials. However, if you prefer to receive hard copies of the proxy materials, please follow the instructions included on the Notice of Internet Availability of Proxy Materials.

Voting

Only shareholders of record at the close of business on October 10, 2014, the record date, will be eligible to vote. There is only one class of stock entitled to vote at the meeting, our common stock, \$1.00 par value, of which there were 7,403,187 shares outstanding on the record date. A quorum, which is a majority of the outstanding shares, is needed to conduct a meeting. Each share is entitled to one vote for each director position; cumulative voting is not available. We encourage you to vote by telephone or on the Internet. If your shares are held in your name, you can vote by telephone or on the Internet by following the instructions on the proxy card or as explained in the Notice of Internet Availability of Proxy Materials. If you are a beneficial holder with your shares held in the name of your broker, bank, or other financial institution, you will receive telephone or Internet voting instructions from the institution. If you received a paper copy of the proxy materials, you may vote your shares by signing and dating each proxy card you received and returning the cards in the enclosed envelope. The proxies will be voted according to your directions on the proxy card. If you return a signed card without specifying your vote, your shares will be voted:

- **FOR** the election of Karel K. Czanderna, Thomas M. Levine and Robert J. Maricich as Class I Directors (Proposal I),

If you sign and return your proxy card, your shares will be voted on any other business that properly comes before the meeting as determined by the persons named in the proxy. We urge you to sign, date, and return your proxy card promptly, or vote by telephone or on the Internet, even if you plan to attend the meeting in person. If you do attend in person, you will be able to vote your shares at the meeting even if you previously signed a proxy card or voted by telephone or on the Internet. However, if you hold your shares in street name you must request a legal proxy from your broker or nominee to vote in person at the Annual Meeting.

Shares Held by Broker

If you hold your shares through a broker, bank, or other financial institution, you will receive your proxy materials and voting instructions from the institution. **Under New York Stock Exchange rules, your broker, bank, or financial institution will not vote your shares in director elections without your specific instructions. To ensure your vote is counted, you must provide directions to your broker, bank, or financial institution by following its instructions.**

Changing Your Vote

If you wish to change your vote, you may do so by submitting a new vote by proxy, telephone, Internet, or in person at the meeting. A later vote will cancel an earlier vote. For example, if you vote by Internet and later vote by telephone, the telephone vote will count, and the Internet vote will be canceled. If you wish to change your vote by mail, you should request a new proxy card from our Secretary at P.O. Box 877, Dubuque, Iowa 52004-0877. Your last vote received before the meeting will be the only one counted. You may also change your vote by voting in person at the meeting. Your vote at the meeting will count and cancel any previous vote.

Vote Required

Votes cast by proxy or in person will be counted by the inspector of election appointed for the meeting who will be present at the meeting. The affirmative vote of a plurality of the shares of common stock present in person or represented by proxy at the meeting and entitled to vote is required for the election of the director nominees named in this proxy statement. In determining a quorum, a "WITHHELD" vote will be counted, but will not be voted in favor of the nominee with respect to whom authority has been withheld. The three nominees that receive the highest number of "FOR" votes will be elected.

While the Board knows of no other matter to be presented at the meeting or any adjournment or postponement of the meeting, all proxies returned to the Company will be voted on any such matter in accordance with the judgment of the proxies.

Number of Copies Sent to Household

If there are two or more shareholders sharing the same address, we are only sending your household a single copy of our annual report and proxy statement unless you previously withheld your consent to "householding" or instruct us otherwise. Householding saves us the expense of mailing duplicate documents to your home and conserves our natural resources, and we hope that receiving one copy rather than multiple copies is more convenient for you.

However, we will promptly provide additional copies of our fiscal 2014 annual report or this proxy statement to the other shareholders in your household if you send a written request to: Office of the Secretary, Flexsteel Industries, Inc., P.O. Box 877, Dubuque, Iowa 52004-0877, or you may call us at 563-585-8392 to request additional copies. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis explains the material elements of the compensation of the Company's named executive officers and describes the objectives and principles underlying the Company's executive compensation program and decisions made for fiscal 2014. The Nominating and Compensation Committee of the Board of Directors, referred to as the Committee, is responsible for establishing the policy and programs for compensating the named executive officers. The Committee is comprised of independent directors as defined in The Nasdaq Stock Market listing standards. The Committee also has oversight responsibility of our cash incentive compensation plan, stock option plans, long-term incentive plans and other benefit plans for our named executive officers.

Compensation Philosophy and Objectives. We believe it is in our shareholders' interests to attract, motivate and retain highly qualified individuals in critical positions by providing competitive compensation opportunities. Our guiding compensation principles endeavor to align executive compensation with our strategic objectives and financial performance. We believe that our compensation programs are aligned with our strategic objectives and address evolving concerns in a rapidly changing market. Most importantly, we believe that our executive compensation programs appropriately link pay to performance and are well aligned with the long-term interests of our shareholders. We further believe that our executive compensation principles have resulted in executive compensation decisions that have appropriately recognized executive performance which have benefited the Company and our shareholders and are expected to drive long-term shareholder value. The following list provides the guiding principles of our compensation programs:

- Attract and retain highly competitive leaders;
- Link pay to performance;
- Incent executives to grow the business and increase shareholder value;
- Reward team and individual results;
- Make a significant level of total target compensation "at risk";
- Be competitive with our peer group;
- On aggregate, high performers base salary will be higher than the peer set; and
- Our compensation plans will be easy to understand.

Key compensation decisions made by the Committee include:

- Salary and incentives in our executive officer compensation programs are set to the median of our peer group, for commensurate performance;
- Annual cash incentive and long-term incentives are based on performance, requiring the achievement of pre-determined individual financial and non-financial goals, which drive shareholder value;
- A limited number of perquisites are offered.

At the 2013 shareholder's meeting our shareholders approved an advisory (non-binding) proposal concerning our fiscal 2013 executive compensation program with approximately 97% of the votes cast in favor of the proposal. Although the Committee interprets this vote as an affirmation of the Company's executive compensation program, the Committee will continue to explore ways to further align executive compensation with the interests of shareholders. Our shareholders also approved our recommendation to perform a say-on-pay vote every three years.

Competitive Positioning and Compensation Consultant. The Committee regularly reviews executive compensation levels to ensure we will be able to attract and retain the caliber of executives needed to run our business and that pay for executives is reasonable and appropriate relative to market practice. The Committee periodically completes an in-depth analysis of the Company's compensation philosophy and structure, including the level of various compensation components, such as salary, annual incentive, and long-term incentive opportunities among peer group companies assisted by an independent compensation consulting firm. The most recent survey was completed for the Committee in early 2013 with the assistance of the independent consulting firm of Meridian Compensation Partners, LLC, referred to as Meridian. Based on this review, the Committee recommended to our Board of Directors that it adopt new forms of short and long-term management incentive plans, including the Cash Incentive Compensation Plan, Long-Term Incentive Compensation Plan and the Omnibus Stock Plan. While the compensation of an individual executive may vary, our policy is to target aggregate compensation for executive officers at median competitive levels, provided there is commensurate performance by the executive. Meridian identified and the Committee approved 13 peer companies for use in executive compensation reviews as follows:

- American Woodmark Corp.
- Bassett Furniture Ind.
- Dixie Group Inc.
- Ethan Allen Interiors Inc.
- Hooker Furniture Corp.
- iRobot Corp.
- Johnson Outdoors Inc.
- Kimball International
- Knoll Inc.
- La-Z-Boy Inc.
- Lifetime Brands Inc.
- Patrick Industries Inc.
- Select Comfort Corp.

Role of Executives in Establishing Compensation. Our Chief Executive Officer plays an integral role in recommending compensation for executive officers (including base salary and performance-based annual and long-term cash and equity compensation). Our Chief Executive Officer participates in Committee meetings to provide background information on our business, financial and operational objectives, and annually reviews the performance of each executive officer based on their contributions to achieving our business, financial and operational objectives and recommends compensation for our executive officers. Committee members also develop their own opinions on the annual performance of our executive officers based on their interactions with them. As required by the listing standards of The NASDAQ Stock Market LLC, our Chief Executive Officer does not participate in deliberations concerning, or vote on, the compensation arrangements for herself. The Committee approves the compensation for all executive officers.

Components of Executive Compensation. The principal components of our executive compensation program include base salary, annual cash incentive compensation and longer-term incentives using our common stock and benefit programs.

Base Salary. An individual executive's base salary is based upon the executive's level of responsibility, cumulative knowledge and experience, past individual performance, contributions to past corporate performance, and competitive rates of pay. The Committee reviews each executive officer's salary annually and makes adjustments, as appropriate, based on the Chief Executive Officer's recommendation including any change in the executive's responsibilities, the executive's past performance and changes in competitive salary levels provided by the compensation consultants retained by the Committee.

The base salary of Karel K. Czanderna, our Chief Executive Officer since July, 2012, remained the same in fiscal 2014 as compared to fiscal 2013. The base salary of Timothy E. Hall, our Senior Vice President-Finance and Chief Financial Officer, increased in fiscal 2014 as compared to fiscal 2013 from \$285,000 to \$300,000 based on changes in competitive salary levels and performance. The base salaries of our other named executive officers (Richardson, Bertsch and Bizzis) remained the same in fiscal 2014 as compared to fiscal 2013. The Committee's action not to increase the base salaries of the named executive officers, other than Mr. Hall, is consistent with the Committee's philosophy to shift more of these named executive officers' total compensation to incentive based compensation. The Committee believes the base salaries of the named executive officers for fiscal 2014 were at acceptable market rates.

Cash Incentive Compensation. Last year, the Board and our shareholders approved the Flexsteel Industries, Inc. Cash Incentive Compensation Plan (referred to as the CIP). The purpose of our CIP is to align incentive compensation with performance measures that drive the Company's market value. The CIP is also designed to promote the accomplishment of corporate objectives as reflected in the Company's annual operating plan and in the objectives established by management, and to recognize the achievement of management's objectives through the payment of incentive compensation. After the completion of the year, the Committee ratifies cash incentives based principally on the extent to which objectives have been achieved. If threshold performance levels are not met, no award is made. The incentive award levels are expressed as a percentage of the executive officer's base salary ranging

from 50% to 100% based on the individual's responsibility level and total compensation. The objectives for fiscal year 2014 for each of the named executive officers, including weighting for each objective, were (i) Ms. Czanderna, Mr. Hall and Mr. Bertsch – 50% diluted earnings per share, 10% net sales, 30% free cash flow, and 10% leadership and effectiveness; (ii) Mr. Richardson – 10% diluted earnings per share, 10% free cash flow, 10% leadership and effectiveness and 70% related to individual goals in area of responsibility; (iii) Ms. Bizzis – 40% diluted earnings per share, 20% net sales, 20% free cash flow, and 20% leadership and effectiveness.

The performance objectives under the cash incentive compensation plan for fiscal 2014 were as follows:

Target: diluted earnings per share: \$2.20, net sales: \$405.9 million, free cash flow: \$12.3 million.

Threshold: diluted earnings per share: \$1.90, net sales: \$365.3 million, free cash flow: \$10.5 million.

Maximum: diluted earnings per share: \$3.65, net sales: \$541.2 million, free cash flow: \$19.5 million.

Cash incentive compensation made to named executive officers for fiscal 2014 for achievement of corporate performance objectives are reflected in the column titled "Non-Equity Incentive Plan Compensation" of the Summary Compensation Table.

Long-Term Incentives. Based upon the recommendation of the Committee, our Board of Directors adopted, and our shareholders approved at the 2013 Annual Meeting of Shareholders, the Flexsteel Industries, Inc. Long-Term Incentive Compensation Plan, referred to as the LTIP, and the Flexsteel Industries, Inc. Omnibus Stock Plan, referred to as the Stock Plan. The purpose of the LTIP and Stock Plan is to promote the interests of the Company and its shareholders by providing key personnel of the Company with an opportunity to acquire a proprietary interest in the Company and reward them for achieving a high level of corporate performance, and thereby develop a stronger incentive to put forth maximum effort for the continued success and growth of the Company. In addition, the opportunity to acquire a proprietary interest in the Company will aid in attracting and retaining key personnel of outstanding ability. The level of award opportunities, as combined under both plans, are intended to be consistent with comparable companies and reflect an individual's level of responsibility and performance.

Long-Term Incentive Compensation Plan. Under the LTIP, it is generally intended that the established performance goal or goals will be measured over a three-year period. The LTIP lists 31 potential corporate performance objectives. The Committee will also establish the weighting of each corporate performance objective for purposes of the performance calculations in advance of each performance period. The Committee selected fully-diluted earnings per share for the three-year performance period beginning on July 1, 2013 and ending on June 30, 2016. The performance objective was selected as the best reflection of our corporate performance as most relevant to our shareholders, at this time. The specific performance targets are expressed in an aggregate amount for the three-year period. The Committee endeavors to set the targets at levels that exceed peer group performance and challenge our executive officers to improve operating results and enhance shareholder value.

At the start of each three-year performance period, the Committee establishes a target number of shares of our common stock that each executive can earn subject to our achievement over the three-year performance period of threshold, target and maximum levels of each corporate performance objective. Threshold and maximum levels will be expressed as a multiple of the target level. The target number of shares will differ for each executive based on the executive's base salary at the beginning of the performance period. The beginning of each fiscal year triggers the start of another three-year performance period. This plan structure results in three active performance periods being in place at any given time. The number of shares for which the named executive officers are eligible for the three-year period ending June 30, 2016 are set forth in the Grants of Plan Based Awards table.

Omnibus Stock Plan. Under the Stock Plan, the Committee may grant awards to participants in the form of restricted stock, restricted stock unit, stock options, stock appreciation rights or performance units, all of which require success of the Company to benefit the awardees. For example, stock options, as awarded under shareholder approved plans, give executives the opportunity to purchase our common stock for a term not to exceed ten years and at a price of no less than the closing sale price of our common stock on the date of grant. Executives benefit from stock options only to the extent stock price appreciates after the grant of the option. The Committee recognizes that each executive officer, rather than the Committee, decides whether or not to exercise an option at any given time. For this reason, the Committee's decision to grant a stock option to an executive officer does not take into account any gains realized by the executive officer due to a decision to exercise a pre-existing option in any given year. Historically, stock options are immediately exercisable. The Committee has not repriced stock options or replaced stock options that are underwater in the past and does not intend to engage in either practice in the future. Stock options are granted at the Committee's regularly scheduled meeting, based on recommendations from the Chief Executive Officer. Most Committee meetings are scheduled a year in advance. Scheduling decisions for Committee meetings are made without regard to anticipated earnings or other major announcements by us. The Committee will consider granting various types of equity to newly hired executives on a case-by-case basis.

The number of option shares granted in fiscal 2014 to each of the named executive officers is set forth in the Grants of Plan Based Awards table.

Severance Benefits. Karel Czanderna, our President and Chief Executive Officer, has post-termination benefits under her employment letter dated June 29, 2012 which are described under “Executive Compensation – Potential Payments Upon Termination or Change-In-Control” below. Our notification of awards under our Incentive Compensation Plans provide that the employment requirement is satisfied in the event that the participant is terminated in connection with a change in control. Other than those agreements, we do not provide any special termination or change-in-control benefits to our other named executive officers.

Retirement Benefits. The Company makes available to Mr. Bertsch, Mr. Hall and Mr. Richardson benefits under our Senior Officers Supplemental Retirement Plan, referred to as the Supplemental Plan. Mr. Bertsch and Mr. Richardson are eligible to participate in the Voluntary Deferred Compensation Plan, referred to as the Voluntary Plan. No other executive officers are eligible to participate in these retirement benefits. These plans are discussed after the Summary Compensation table.

Other Compensation and Benefits. We may provide the following perquisites to our executive officers:

- country club dues;
- tax planning services;
- supplemental health insurance;
- furniture program; and
- use of a company-provided car.

These perquisites are provided to retain executives for key positions, to assist in their business development efforts and to remain competitive in the marketplace. The value of the perquisites provided to our named executive officers is set forth in the column titled “All other compensation” of the Summary Compensation Table.

Other Policies. The Company’s cash and long-term incentive plans provide for the right to require a participant to pay back any amount received under the plan to the extent provided by law or any “clawback” policy adopted by the Company. The Company does not have formal stock ownership guidelines, but all Board members and executive officers are encouraged to own Company stock. The Company does not have a formal policy on hedging of its stock.

Tax Implications. As part of its role, the Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company may not deduct certain compensation of more than \$1,000,000 that is paid to named executive officers. Performance-based stock awards, option grants and cash incentives awarded pursuant to the compensation plans adopted at the 2013 Annual Shareholders’ Meeting all qualify as performance-based compensation exempt from the tax deduction limit so long as the performance goal requirements of Section 162(m) have been met. In certain situations, the Committee has approved and in the future may approve compensation that will not meet the 162(m) requirements in order to ensure competitive levels of total compensation for our executive officers.

Senior Officer Supplemental Retirement Plan.

We maintain supplemental retirement plans, collectively referred to as the Supplemental Plan, which provides for additional annual defined contributions toward retirement benefits to three of our executive officers, including Mr. Hall, Mr. Bertsch and Mr. Richardson. The additional contribution is stipulated in the executive's individual agreements or in the document governing the arrangements. Earnings are credited to the accumulated contributions based on the investment return of assets we designate for this obligation. The amount of the contribution for each named executive officer is reported in the Summary Compensation Table in the column titled "All Other Compensation". Distributions begin when the executive attains age 65 and retires or in some cases when the executive terminates employment. Distributions are paid in installments or lump sums as elected by the executive. Under the Supplemental Plan Messrs. Hall and Bertsch are entitled to monthly payments of \$5,000 until they reach or would have reached age 65 upon termination of employment due to death or disability.

Voluntary Deferred Compensation

We maintain the Flexsteel Industries, Inc. Voluntary Deferred Compensation Plan, referred to as the Voluntary Plan, which allows Mr. Bertsch and Mr. Richardson the opportunity to voluntarily defer, based on annual elections, 10% to 30% of their base salary, 10% to 100% of annual incentive compensation and 33% to 100% of their long-term incentive compensation. We offer this opportunity to assist them in income tax and estate planning purposes. They may elect an earnings credit based on the prime interest rate effective on January 1 of each calendar year, the annual return of the S&P 500 Index as of the end of the calendar year, or a combination of the two. Distributions are made upon the earliest of the participant's death, disability, or the date which is six months after the date of their separation of service from the Company. The Voluntary Plan does not permit contributions from the Company.

CORPORATE GOVERNANCE

Board of Directors

Our Board of Directors is currently comprised of the eleven members. During the fiscal year ended June 30, 2014, four meetings of the Board were held. All of the directors of the Company attended 100% of the meetings of the Board and the committees on which they served. The Company does not have a formal policy regarding attendance by Board members at the Company's annual meetings, but the Board encourages all its members to attend the annual meeting of shareholders. All members of the Board of Directors attended the prior year's annual meeting.

The Board has determined that the following directors, which constitute a majority of the Board of Directors, are independent directors as defined by The NASDAQ Stock Market listing standards: Mary C. Bottie, Lynn J. Davis, Robert E. Deignan, Thomas M. Levine, Robert J. Maricich, Eric S. Rangen and Nancy E. Uridil. The independent directors meet periodically in executive session without the Chief Executive Officer or other management directors present.

Board Leadership Structure

The Board elected an independent director, Mr. Davis, to serve as Chair of the Board. Our By-Laws provide that the Chair of the Board may be an independent director or the Chief Executive Officer of the Company. In making leadership determinations, the Board considers many factors including the specific needs of the business and what is in the best interest of our shareholders. The Board believes that presently it is in the best interest of the Company that the positions of Chair of the Board and Chief Executive Officer are separate. The Board believes that this separation is presently appropriate as it allows the Chief Executive Officer to focus primarily on leading our day-to-day operations while the Chair of the Board can focus on leading the Board.

Ability of Shareholders to Communicate with the Board of Directors

The Board has provided the means by which shareholders may send communications to the Board or to individual members of the Board. Such communications, whether by letter, email or telephone should be directed to the Secretary of the Company who will forward them to the intended recipients. However, unsolicited advertisements or invitations to conferences or promotional material, in the discretion of the Secretary, may not be forwarded to the directors.

Committees of the Board

Our Board of Directors has established two standing committees of the Board. The names of the committees and the principal duties are as follows:

Audit and Ethics Committee - Confers with the independent registered public accounting firm on various matters, including the scope and results of the audit; authorizes special reviews or audits; reviews internal auditing procedures and the adequacy of internal controls; and reviews policies and practices respecting compliance with laws, conflicts of interest and ethical standards of the Company. The Committee held five meetings during the fiscal year ended June 30, 2014. The Committee members are Eric S. Rangen - Chair, Lynn J. Davis, and Thomas M. Levine. The Board has adopted a written charter for the Audit and Ethics Committee. The Board believes all Audit and Ethics Committee members are independent as defined by The NASDAQ Stock Market listing standards. The Board has determined that three members of the Audit and Ethics Committee qualify as "audit committee financial experts" within the meaning of the Securities Exchange Act of 1934, as amended, referred to as the 1934 Act, and have designated Eric S. Rangen, Lynn J. Davis and Thomas M. Levine as audit committee financial experts.

Nominating and Compensation Committee - Makes recommendations regarding Board compensation; reviews performance, compensation and benefits of all executive officers; determines stock option grants; reviews timely proposed nominations received from any source including nominations by shareholders and makes recommendations to the Board regarding all director nominees; and develops and maintains succession planning policies and criteria for executive officers and Board members.

The Board has adopted a written charter for the Nominating and Compensation Committee. The Board believes all Nominating and Compensation Committee members are independent as defined by The NASDAQ Stock Market listing standards. The Committee held four meetings during the fiscal year ended June 30, 2014. The Committee members are Mary C. Bottie - Chair, Robert E. Deignan, Robert J. Maricich and Nancy E. Uridil.

Stock Option Granting Policy — The Nominating and Compensation Committee has formalized its stock option granting practices by adopting a policy for the grant of stock options. The policy reflects the Nominating and Compensation Committee's long-standing approach to stock option grants described above. In addition, the policy provides, among other things, that all grants of stock options must be approved by the Nominating and Compensation Committee at in person or telephonic meetings generally on an annual basis; stock options may not be granted to a current director, officer or employee during any quarterly or other blackout period as defined in our insider trading policy; the grant date for each option will be the date of the Nominating and Compensation Committee meeting at which action was taken to approve the stock option; the exercise price for the stock option will be equal to the last sale

price per share of our common stock as reported on The NASDAQ Stock Market on the grant date; specifies procedures for granting stock options to newly hired executives; and that any program, plan or practice to time or select the grant dates of stock options in coordination with the release by us of material non-public information is prohibited.

Nomination Matters — The Nominating and Compensation Committee of the Board of Directors is responsible for making recommendations to the Board concerning nominees for election as directors and nominees for Board vacancies. When assessing a director candidate's qualifications, the Nominating and Compensation Committee considers the candidate's expertise in finance, general management, human resources, legal training, marketing, sales, operations, manufacturing, supply-chain management, and company culture, independence, high ethical standards, and uncompromising integrity. In addition, the Nominating and Compensation Committee looks at the overall composition of the Board and how a candidate would contribute to the overall synergy and collaborative process of the Board. The Nominating and Compensation Committee has not established specific minimum eligibility requirements for candidates other than high ethical standards, uncompromising integrity, commitment to act in the best interests of the shareholders, requirements relating to age and ensuring that a substantial majority of the board remains independent.

In addition to the considerations described above, our Nominating and Compensation Committee considers diversity in its evaluation of candidates for Board membership. Although the Company has no formal diversity policy, the Board believes that diversity with respect to factors such as background, experience, skills, race, gender and national origin is an important consideration in board composition. The Nominating and Compensation Committee discusses diversity considerations in connection with each candidate, as well as on a periodic basis in connection with the composition of the Board as a whole.

If the Nominating and Compensation Committee approves a candidate for further review following an initial screening, the Nominating and Compensation Committee will establish an interview process for the candidate. Generally, the candidate will meet with the members of the Nominating and Compensation Committee, along with our Chief Executive Officer. Contemporaneously with the interview process, the Nominating and Compensation Committee will conduct a comprehensive conflicts-of-interest assessment of the candidate. The Nominating and Compensation Committee will consider reports of the interviews and the conflicts-of-interest assessment to determine whether to recommend the candidate to the full Board. The Nominating and Compensation Committee will also take into consideration the candidate's personal attributes, including, without limitation, personal integrity, loyalty to us and concern for our success and welfare, willingness to apply sound and independent business judgment, awareness of a director's vital part in good corporate citizenship and image, time available for meetings and consultation on Company matters and willingness to assume broad, fiduciary responsibility.

Recommendations for candidates to be considered for election to the Board at our annual shareholder meetings may be submitted to the Nominating and Compensation Committee by our shareholders. Candidates recommended by our shareholders will be considered under the same standards as candidates that are identified by the Nominating and Compensation Committee. Any nominations for director to be made at an annual meeting of shareholders must be made in accordance with the requirements described in the section of this Proxy Statement entitled Proposals by Shareholders. To enable the committee to evaluate the candidate's qualifications, shareholder recommendations must include the following information:

- The name, age, business address and, if known, residence address of each nominee proposed in such notice;
- The principal occupation or employment of each such nominee; and
- The number of shares of stock of the Company, which are beneficially owned by each such nominee.

Committee Charters - Subject to applicable law and regulatory requirements, the Board may establish additional or different committees from time to time. The charters of the Audit and Ethics Committee and Nominating and Compensation Committee are available at www.flexsteel.com.
